GOLFHOTEL
LES HAUTS DE GSTAAD & SPA

Welcome to the Wellness Area at Golfhotel Les Hauts de Gstaad & SPA

Our SPA is a paradise for those who value wellness. It extends over 1000 m². Access and use of all facilities such as indoor pool, sauna park, non-nude sauna and fitness room is included in your room rate.

Reservation

For optimal wellness enjoyment, we recommend that you book your desired appointment from home well in advance. Our team in the SPA, as well as our staff at the reception, will be happy to accommodate your wishes and advise you on our extensive range of offers. Of course, depending on availability, you can also book a treatment during your stay.

Cancellation

Please note that reservations that are cancelled less than 24 hours before the treatment will be charged at 100%. The same applies if you do not show up at the pre-booked appointment.

Treatments

Take plenty of time to relax. It is recommended to take a walk in one of our saunas before the massage. Warm muscles feel more benefits from the massage. Avoid rich meals and alcoholic drinks before any treatment. Drink a sufficient amount of tea or water before and after the treatments. Near the fireplace lounge in the wellness area, you will find a drinking water dispenser for cold and warm water, both sparkling and still. You can also prepare fresh tea there. Rest after each treatment and avoid activities immediately after the treatments.

We recommend that you come to the massage in your bathrobe and please wear underwear. You will always be covered with a cloth. Most of the massages, scrubs and wraps are treatments that are carried out without clothes. For the massages, which are performed with clothing on, and for the beauty treatments, we recommend that you wear comfortable clothing.

Please inform the SPA staff about your wishes and any complaints you may have. Our well-trained team will listen to your wishes and reserves the right to make a basic assessment of your health and skin condition.

Please show consideration for other guests and leave your mobile phone in your room or switch it to silent mode. It is forbidden to take photos in the wellness area.

Children

Children are allowed to use the non-nude sauna, but under 12s are not allowed in the nude sauna park. Children aged 12 and over can use the nude zone when accompanied by an adult. Children up to 10 years of age must be accompanied by an adult in the indoor pool.

We look forward to welcoming you!

Sauna

Our sauna facility is open for you every day. Please note the opening times at the entrance. If the weather is bad, the sauna park will open earlier.

Please ALWAYS place a terry towel on the wooden benches in the various saunas. The towels are ready for you in your wellness basket in your room or in the sauna area.

In the sauna, the body's circulation is stimulated by the alternation between warmth and cold. Sauna sessions also strengthen the body's defences and the immune system. The skin is better supplied with blood, the muscles relax and muscle soreness is reduced after exercise.

After every sauna session, you should allow yourself at least 15 minutes of rest before going into the sauna again. Drink plenty of water or tea before and after the sauna.
